The Warden moved, accouded by Mr.
Theo, That an appropriation of \$100 be granted to complete the road from Marmora to Madoc.
In making this motion, the Warden ex-plained that the appropriation had been insufficient to complete the road in an above the seement of th

solide to make it a fair road.

Mr. Rend said if Madoc and Marmora were to get no appropriation, it was only fair that Hungerford, which paid nearly amend haxes as both these townships, ought to have something too. He asked the Warden how much tamony was on hand applicable to this purpose?

The Warden characterized the statement regarding taxes as wirdly lancoursel. When the appropriations were made, the wants of Hungerford were well considered. Many the whother it was an important line of communication. If Mr. Reid had a want as pressing as this, he would be happy to consider it.
